

BDRi Demeter Derogation Request Form
For seed and vegetative reproductive material
(Including seedlings / plants from a Non-certified Nursery)

Operator Name: _____

Cert Number: _____

With reference to 1.7.2 of the National Standard for Organic and Bio-Dynamic Produce:

I, the Operator, declare to BDRi that I am unable to source sufficient *quality* or *quantities* of Certified Organic or Bio-Dynamic seed and/or organic or Bio-Dynamic vegetative reproductive material as listed below **and** require a Derogation for the use of seed or vegetative reproductive material not in accordance with this standard.

I wish to inform BDRi that I am **purchasing non-certified seed** and I have attached evidence from the seed supplier that the seed supplied to me:

- a. *Is not genetically modified and*
- b. that there is *no certified* organic or Bio-Dynamic seed available **and**
- c. states whether is treated or untreated

I wish to inform BDRi that I **am purchasing seedlings / plant material** from a non-certified Nursery *who use their own seed or propagation material* and I have attached evidence from the nursery that the seed or propagation material used is *not genetically modified*.

I wish to inform BDRi that I am **purchasing seedlings / plant material** from a non-certified Nursery and *I have supplied the Nursery* with seed / propagation material **as** listed below for which I have received a derogation.

Product as listed below: *(Please supply the full name of the product)*

- 1.
- 2.
- 3.

Bio-Dynamic Research Institute

120b Beresford Road, Lilydale 3140 | 0428 677 669 | info@demeter.org.au |

ABN 24004714872

Instructions to Operator:

1. Please attach **adequate evidence to demonstrate** that certified seed/propagation material / seedlings or certified vegetative reproductive material satisfying 1.7.2 is not available in sufficient quality or quantity. (i.e. you can list who you tried to source certified seed from. Letters? Screenshots? etc). Include the dates where possible please.
2. For all conventional seeds and plant propagation material used, please attach evidence:
 - a. that they are not genetically modified **and**
 - b. if they are treated or untreated

Please note that No Gall is not an allowed product as it is genetically modified (usually used on fruit trees). Check with your Nursery please.
